

2021

**ASSETs+**  
Alliance for Strategic Skills Addressing Converging Technologies in Defence

With the support of the  
Erasmus+ Programme  
of the European Union

## European Defence Challenge

**Bring your assets together  
to boost innovation**

Answer this question in 5000-6000 words:  
**"Which technologies and technology bricks are particularly relevant for Europe's sovereignty in defence and security?"**

## Participation Guidelines

On the basis of your one-page proposal, detail your analysis in order to give the reader a concrete vision of your thoughts. If relevant, insert figures and tables. If abbreviations and acronyms are used, would you please provide or recall their meanings.

Your final proposition must contain a title, an abstract, keywords, an introduction and a conclusion/perspectives and a last section dedicated to the references.

The length of the document must not exceed a total number of 5000 to 6000 words (when there is no figure). More generally, the document must not exceed 10 pages.

The first page giving participant details is mandatory.

Please submit your proposal before midnight (CET) **14th May** at the following address:
